Auditor's Report

SAWYER & SAWYER
ACCOUNTANTS and AUDITORS
MILBRIDGE, MAINE

January 30, 1952

Board of Selectmen

Cushing, Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, and at your request, we have audited the records of the Town of Cushing for the period February 5, 1951 to January 15, 1952.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination the financial transactions of the town appear to have been appropriately handled.

Exhibits and Schedules included in this report impartially present the financial position of the Town and the result of its operations for the period designated.

Comments and other data incorporated in the report may prove of interest to you, all of which is respectfully submitted.

Very truly yours,

Sawyer & Sawyer

By A. F. Sawyer

(Page 16)

COMMENTS

Re: Audit of the Town of Cushing

February 5, 1951 to January 15, 1952

The financial status of the Town is presented on the Balance Sheet and comments regarding the various items thereon, are as follows:

Cash (\$7489.45)

The cash balance at the close of the year was on deposit the Thomaston National Bank and was verified from the bank statement of January 25, 1952.

Accounts Receivable ~~(\$4262)~~ *\$10,000-2*

This account represents the amount due from the State of Maine for charitable expenditures for state poor for which the town has not been reimbursed and one miscellaneous item of .82 cents.

Taxes Receivable (\$699.21)

The records of the Tax Collector were examined and the warrant of commitment after an adjustment of .95 cents was in agreement with the Assessors records.

The commitment was accounted for by cash collections of \$17802.14: abatements of \$79.44; tax liens of \$87.00 an adjustment of .95; due from Collector .82 and uncollected taxes of \$488.35 as reflected on the records of the Tax Collector. The balance due for previous years is \$210.86.

Tax Liens (\$256.52)

Treasurers copies of the recorded tax liens, with the exception of the 1951 liens were on file with the Treasurer. Collections and credits were checked and found to be properly recorded.

Tax Acquired Property (\$201.74)

This account represents property acquired by the town by foreclosure of tax liens.

Capital Reserve Investments: (\$3588.12)

This fund is invested in U. S. Government Bonds in the amount of \$3500.00 and a deposit of \$88.12 in the Savings Department of the Thomaston National Bank.

Accounts Payable (\$62.84)

(Page 17)

This liability represents the amounts due for contribution to the Teacher's Retirement Fund and Withholding Taxes deducted from the salaries of employees up to January 15, 1952. Deferred Revenue (\$344.05)

Prepaid 1952 excise taxes were received prior to the close of books and this credit is carried forward to the 1952 year for proper application.

Surplus (\$13768.21)

The unappropriated surplus shows an increase of \$2664.94 over the previous year. The major factors contributing to this increase were the unexpended balances of the appropriation accounts and the balance of 1951 Excise taxes.

Trust Funds (\$6719.13)

The several trust funds and their investments were examined and found to be properly invested.
General:

Revenue derived from the excise taxes was checked in detail with the Collector's duplicate receipts and the total was in agreement with the amount deposited with the Treasurer.

Corporate surety bonds covering the required officials were on file with the Town Clerk and duly recorded.

While all transactions were not examined in detail, such test checks were made as seemed appropriate. All asset and liability were reviewed and direct verification was made to the extent deemed advisable.

Report of The School Department

To the Superintending School Committee and Citizens of Cushing:

I am submitting my annual report as your Superintendent of Schools.

The schools have had the good fortune to keep the services of their three good teachers. They have done their usual good quality of work. Results have been better than those secured by some towns which have more equipment and pay better salaries.

One of our summer residents, Dr. George Paine, has been instrumental in securing a sum of money and library books for the Pleasant Point School. This award comes from the Save The Children Federation. The citizens of the community have agreed to match the amount that the Foundation has donated. It is planned to purchase library books and other needed equipment for the school. All of this material can be used if the town ever decides to build a central school building.

The School Committee has been active in studying the problem of a new school building for the town. Their findings are being submitted to you in a separate report. An oil burning heater has been installed at the Longfellow School. All three buildings now have oil heat. The school houses need many expensive repairs. This item of expense will increase as the buildings get older.

I want to thank the school board, teachers, and

(Page 25)

citizens for their cooperation during the past school year.

CUSHING

PUBLIC HEALTH NURSING ANNUAL REPORT

For 1951

"The foundation of positive health must be built in childhood. Everything we do to assure children a healthy start in life improves the chances of health in maturity."
—The Nation's Health.

During another year the public health nursing program has centered around child health particularly.

Twelve visits were made to Cushing during the year.

Following is a brief summary of the nurse's visits and of the program for the year:

Infant visits	15
Preschool	2
To handicapped children	5
Tuberculosis follow-up	4
Other	15
Number immunized	24
Number of school children examined....	42
Number of visits made to the schools	20

Two school clinics were held when Dr. Kibbe gave physical examinations to students in the three schools. The newly organized health committee under the direction of Mrs. Robert Laaka, assisted greatly in this program.

(Page 28)

Two State chest X-ray clinics and four crippled children's clinics in Rockland were attended by patients being followed under these special programs.

My sincere appreciation is extended to the Health Committee and to the town officials and townspeople who have supported the health program another year by their interest and cooperation.

Respectfully submitted,

(Mrs.) Ada W. Ames, R.N.

Public Health Nurse
